

## LifeWise Benefit Guide

For Clark County, Washington groups with **51+ employees** 

For new plans, effective on or after September 1, 2011. These are not "grandfathered" under federal healthcare reform legislation.

# Your comprehensive benefits starts and ends here

#### A portfolio to support the employer's business goals

LifeWise Health Plan of Washington is dedicated to providing Clark County, Washington employers with high-quality healthcare coverage they can choose from. Our plans strike the right balance between coverage and cost to suit what the employer needs for their business. We achieve this by delivering a portfolio of plans that:

- Provide an extensive provider network with negotiated in-network discounts
- Offer health services and resources that encourage proactive employee involvement in health and healthcare
- Include health support programs to help lower costs without reducing benefits
- Offer tax-advantaged healthcare funding opportunities
- Provide alternate funding arrangements available for groups of 100+ employees

### Support to help employees make smart decisions about their healthcare

Employers want to give their employees benefits they can use. But employers also want—and need—their employees to start making smart decisions about their health to keep costs manageable.

To support healthcare needs, change behaviors and improve health outcomes, LifeWise provides members with access to a variety of resources:

- A personalized member website with health-support tools and resources
- A 24-Hour NurseLine staffed by registered nurses
- Integrated pharmacy programs to help employees manage medication use and costs
- Disease Management services for the chronically ill
- Case Management services for the critically ill
- An optional Employee Assistance Program to help them cope with everyday stresses and unexpected situations

#### Medical, Dental, Vision...and more

- Medical
- Prescription drug
- Dental and Orthodontia
- Vision
- HSA, FSA and HRA
- Life and disability\*
- COBRA management services\*
- Workplace wellness programs\*
- \* Life and disability insurance is offered by LifeWise Assurance Company, COBRA services by LifeWise Administrators and workplace wellness programs by Vivacity. These companies are independent affiliates and are solely responsible for their products.

## package

#### Network strength and discounts

LifeWise offers access to over 29,000 preferred providers in Washington and more than 10,000 providers in Oregon\*. So the physicians from whom employees already receive care are likely contracted with LifeWise. Not only do employees have in-network access to most providers in the area, they also receive our innetwork discounts for care. This translates to substantially lower out-of-pocket healthcare costs to employees whenever they see a network provider. LifeWise plans also have nationwide coverage which gives employers access to networks of tens of thousands of providers throughout the country. Visit lifewisewa.com and select "Find a Doctor" for more information.

\* Quantities per the LifeWise provider information management system as of June 7, 2011. The Oregon provider network of our affiliate LifeWise Health Plan of Oregon is available to our members.

### **Quality healthcare supports business goals**

## Medical plans balancing benefits & price

Employers can choose from an **array of innovative medical plans** to best meet their needs. Plans cover a **wide range of benefits**, and benefit structures are designed so that employees can easily understand their benefits. There are low-deductible and high-deductible plans as well as alternatives that work with tax-advantaged healthcare funding arrangements (please see our Personal Funding Accounts brochure for more information).

#### LifeWise plans include:

**PPO 2007** 

Traditional PPO plans offering a wide array of benefits for employees, plus a range of deductible, copay, coinsurance and price options to enable employers to choose a plan that offers rich first-dollar benefits and works best for their business.

#### PPO6 2007

**Innovative plans** offering a combination of up-front, first-dollar benefits and standard coverage for other services. These plans offer **six shared visits** at a copay for certain professional office-visit care services and provide employees **greater flexibility** in using their healthcare coverage benefits.

To engage members in managing their health, we offer an expanded suite of health support programs.

#### **Programs include:**

• Online Tools—

secure website offering a health assessment, treatment cost estimator, access to claims status, plan benefits, symptom checker and several other useful tools.

 Optional Employee Assistance Program counseling and support to help cope with everyday stress and unexpected situations

#### **PPO HSA 2007**

**High-deductible PPO plans** offering benefits for a wide range of covered services that are **qualified to work in conjunction with an employee-owned health savings account (HSA)**. HSAs offer employees a triple tax advantage and the option to pay for current and future medical expenses.

#### Traditional 2007

**Comprehensive plans** offering a variety of deductible options. These plans provide employees simple and straightforward plan benefits with a wide range of coverage.

### **PPO 2007**

#### enable employers to...

- Offer a familiar PPO-style plan with coverage for a wide range of medical services
- Select from a **range of deductible options** and offer copays for many services
- Encourage the use of **preventive care benefits**

#### how they work...

- Specified preventive screenings and services are covered in full
- Unlimited coverage for many professional and naturopathic services
- Acupuncture, and spinal and other manipulations, covered for 12, 24 or an unlimited number of visits
- Unlimited inpatient and outpatient facility care

<sup>4</sup> Deductible waived.

This is only a brief summary of the major benefits provided by our plans. This is not a contract. For information and details regarding general exclusions and limitations, please refer to page 19.

## **HSA plan options**

Our HSA plans provide employers with the flexibility to choose between aggregate or embedded deductible plan options. The employee's plan design is determined by the employer's choice. Please see our Personal Funding Accounts brochure for more details.

#### How an aggregate deductible works

When covering more than one person, the family deductible must first be met before anyone in the family is covered for services. For example, if the family deductible is \$5,000, it must be met before the plan pays any benefits for any family member.

Out-of-pocket maximum amounts are also aggregate, requiring the family out-of-pocket maximum to first be met before all services are covered in full for any single family member.

#### How an embedded deductible works

An embedded deductible works like a traditional PPO health plan deductible. With this type of plan, benefits begin for a single family member once the individual deductible for that member has been met or once the family deductible is met—whichever comes first. For example, for a family of three with an individual embedded deductible of \$2,700 and a family deductible of \$5,400, plan benefits begin for a single family member after the \$2,700 deductible has been met for that person. Once a total of \$5,400 has been applied towards the family deductible, benefits begin for all family members.

## **Overview of the HSA**

A Health Savings Account (HSA) is an employee-owned, fully portable, tax-advantaged account that enables employees to pay for current medical expenses or save for future costs. PPO HSA 2007 plans are qualified to work in combination with an HSA.

When employees enroll in a PPO HSA 2007 plan and meet other IRS eligibility requirements, they may establish an HSA through an HSA administrator or add money to an existing HSA to fund out-of-pocket medical costs. HSA funds may be used to pay for qualified medical expenses including deductible and any coinsurance. HSA funds may be used over time to pay for a broad range of other qualified healthcare expenses as provided under IRS guidelines.\*

Utilizing an HSA offers employees a triple tax advantage:

- Contributions are made on a tax-advantaged basis
- Any unused funds carry over from year to year and grow tax-deferred
- When used to pay for qualified medical expenses, funds can be withdrawn tax-free

#### **Opening an HSA**

An HSA can be opened if the following criteria are met:

- Employee is covered by a qualified high-deductible health plan such as PPO HSA 2007
- Employee is not covered under another medical plan (including spouse/domestic partner's)\*\*
- Employee is not enrolled in Medicare
- Employee cannot be claimed as a dependent on someone else's tax return\*\*

#### How an HSA Works

**Contributions**—Employees, employers and third parties may contribute to the HSA. The total of all annual contributions may not exceed the applicable limit set by the IRS.

These amounts will be prorated for periods of eligibility of less than a calendar year.<sup>†</sup>

**Distributions**—Employees choose how the funds in their HSA are spent, giving them greater control over their healthcare dollars. They can use the funds to:

- Pay for qualified medical expenses before benefits begin, to help satisfy the required deductible
- Pay coinsurance
- Cover other qualified medical expenses that may not be covered by the health plan, but are reimbursable under IRS guidelines
- Save for future medical expenses through the investment options offered by the HSA custodian or trustee

**Portability**—Additionally, employees keep the account with them if they change employment or retire.

<sup>\*</sup> Employees enrolling in a high-deductible health plan mid-year should consult with a tax advisor for applicable HSA-contribution limits.

#### enable employers to...

- Provide a quality health plan that is **qualified** to be combined with an employee-owned, tax-advantaged Health Savings Account
- Give employees more control over how they spend their healthcare dollars
- Offer a health plan that has benefits for preventive care and includes pharmacy benefits
- Choose between aggregate deductible and embedded deductible options

### **PPO HSA 2007**

#### how they work...

- Specified preventive screenings and services are covered in full
- Unlimited coverage for many professional and naturopathic services
- Most other covered services, including prescription drugs, are subject to the plan's deductible and coinsurance
- Certain generic preventive drugs are covered in full

DEDUCTIBLE OPTIONS		DESCRIPTION												
Aggregate Deductible (Agg.)		Nith an aggregate deductible, there is either an Individual deductible (employee only) or a Family deductible employee + dependents) that must be met before the coinsurance coverage level begins.												
Embedded Deductible (Emb.)	begin	An embedded deductible works like a traditional PPO health plan deductible. With this type of plan, benefits begin for a single family member once the individual deductible for that member has been met or once the family deductible is met—whichever comes first.

PCY = Per Calendar Year

<sup>1</sup> A list of preventive screenings/diagnostic tests, along with other preventive services is available on lifewisewa.com in the Forms for Producers area of the web site.

<sup>2</sup> Not subject to copay, deductible or coinsurance.

This is only a brief summary of the major benefits provided by our plans. This is not a contract. For information and details regarding general exclusions and limitations, please refer to page 19.

## Traditional 2007

#### enable employers to...

- Offer access to all providers at the same benefit level for a wide range of medical services
- Choose from a range of deductible options

#### how they work...

- Access to any licensed or certified provider with the same level of coinsurance benefit coverage
- Specified preventive screenings and services are covered in full
- Unlimited coverage for many professional and naturopathic services (subject to deductible and coinsurance)
- In-network providers accept our allowable charge as payment in full, saving members money.

## **Prescription benefits**

With LifeWise, coverage options extend beyond medical coverage and include prescription, vision, hearing and dental plans. These plans allow employers to offer a more attractive employee benefit package and provide valuable coverage to employees for necessary services.

#### **Prescription drug plans**

Our Pharmacy benefit plans provide employees access to high-quality, cost-effective drug therapy. Pharmacy benefit coverage, which includes tiered coverage options with copay and coinsurance designs, is required with PPO 2007, PPO6 2007 and Traditional 2007 plans. All PPO HSA 2007 plans automatically include pharmacy benefits. (For more details about PPO HSA 2007 plan pharmacy benefits, see page 13.) For all PPO6 2007 plans, employers may select from among our standard copay and coinsurance plans.

Our plans also encourage members to use generic drugs, when appropriate, by offering generics at a lower cost share than brand-name drugs. This helps reduce overall prescription costs at a time when use of expensive brand-name drugs is one of the single biggest factors contributing to higher healthcare costs.

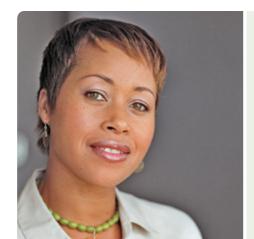

#### **Tiered Benefit Designs**

Tiered benefit designs offer cost-saving incentives for the use of generic drugs from our Preferred Drug List, and they provide greater savings with a convenient mailservice feature.

With all our tiered prescription drug benefits, members pay the lowest out-of-pocket cost for generic drugs (tier 1). Our 3-Tier plans cover preferred brand-name drugs (tier 2) at slightly higher cost than equivalent generics and non-preferred drugs (tier 3) at the highest out-of-pocket cost. Our 2-Tier plans provide the same low cost for generics, but preferred and non-preferred drugs are available at the same level of out-of-pocket cost.

3-TIER PLAN DESIGNS							
TIER 1	TIER 2	TIER 3					
Generic drugs	Preferred brand-name drugs	Non-preferred brand-name drugs					
Lower copay/ coinsurance	Higher copay/ coinsurance	Highest copay/ coinsurance					

2-TIER PLAN DESIGNS							
TIER 1	TIER 2						
Generic drugs	Brand-name drugs						
Lower copay/ coinsurance	Higher copay/ coinsurance						

Employers enhance their benefit offerings when they add vision, dental or other coverage to their medical benefits package. It also adds up to administrative ease for producers, employers and employees.

#### **Prescription Drug Plan Designs**

Our 2 and 3-Tier designs offer both standard and configurable plans to best meet employer needs. Employers may choose standard plans that offer a pre-specified set of coverage levels. If more flexibility is needed, additional options are available with our configurable plans, including alternatives for mail service benefits and individual and family deductible levels.

3-TIER									
COST SHARE OPTIONS	-	DARD PLANS		CONFIGURABLE COPAY PLANS				CONFIGURABLE COINSURANCE PLANS

<sup>1</sup> Deductible waived for generics.

<sup>2</sup> Family deductible is separate from medical deductible; value uses same multiplier as medical deductible.

<sup>3</sup> Out-of-pocket (OOP) maximum is in-network only; family OOP maximum is separate from medical OOP maximum; value uses same multiplier as medical OOP maximum; unlimited for out-of-network.

This is only a brief summary of the major benefits provided by our plans. This is not a contract. For information and details regarding general exclusions and limitations, please refer to page 19.

#### Additional prescription information

- LifeWise Preferred Drug List applies
- Members are encouraged to choose a generic equivalent (if available) or they will pay the applicable brand-name copay plus the difference between the cost of the brand-name drug and the generic equivalent
- Cost share amounts shown apply to participating network pharmacies
- The cost share for non-participating retail pharmacies is the applicable copay, then 40% of allowable charges with the member paying any balance that exceeds the allowable charge
- The pharmacy benefit plans listed above are not available with PPO HSA 2007 plans, and the configurable copay and coinsurance pharmacy benefit plans listed above are not available with PPO6 2007 plans

## Vision & hearing benefits

Purchase any of these optional benefits to enhance your healthcare coverage:

The following vision options are available with all plans listed in the benefit guide.

VISION	BENEFIT LIMITS	COVERAGE OPTIONS

\* PPO6 2007 and PPO HSA 2007 have combined vision exam (1 PCY) and vision eyewear (\$150 PCY) benefit. PP06 2007 vision exam subject to copay, and PPO HSA 2007 vision exam subject to office visit cost share.

HEARING	BENEFIT LIMITS	COVERAGE OPTIONS
Hearing Exam**	Routine Exam, once PCY Routine Exam, once every 2 calendar years	Office Visit Cost Share Covered in full
Hearing Aids & Hardware**	\$1,000 every 3 calendar years \$3,000 every 3 calendar years	Covered in full

\*\* Hearing exam, and hearing aids and hardware benefits not available with PPO6 2007 and PPO HSA 2007 plans.

This is only a brief summary of the major benefits provided by our plans. This is not a contract. For information and details regarding general exclusions and limitations, please refer to page 19.

## **General exclusions and limitations**

Benefit plans typically have exclusions and limitations—what the plans limit or do not cover. The following are general exclusions and limitations for LifeWise Health Plan of Washington benefit plans. Please contact your LifeWise sales representative for more information. For a complete list of the exclusions and limitations, please see the plan contract or visit lifewisewa.com

#### What is limited or not covered

### Benefits are not provided for treatment, surgery, services, drugs or supplies for any of the following:

- Any disease, ailment, or condition listed as not covered in the contract
- Caffeine dependence
- Complications of non-covered services
- Conditions arising from acts of war, or service in the military
- Conditions arising from the member's commission of a felony or act of terrorism
- Convenience items (i.e., guest meals and services, television, telephone charges)
- Cosmetic or reconstructive surgery (except as specifically provided) and supplies
- Dental services (except as specifically provided)
- Unless benefit option is selected, a dependent child's pregnancy is not covered, except for treatment of complications
- Dietary and food supplements (except PKU formula)
- Experimental or investigative services
- Hair loss/cranial prosthesis (wig)
- Infertility diagnosis and treatment (except as specifically provided)
- Learning disorders (except as part of covered neurodevelopmental therapy)
- Over-the-counter or non-prescription drugs (except as required by law)
- Private duty nursing
- Services in excess of specified benefit maximums and/or allowable charges
- Services payable by other types of insurance such as motor vehicle insurance or personal liability insurance

- Sexual dysfunction
- Vision therapy, eye exercise, and vision surgeries to improve the refractive character of the cornea (LASIK)
- Vocational counseling, vocational rehabilitation and recreational therapy
- Work-related conditions for which you are eligible for benefits from other sources

#### Waiting periods

Benefits are subject to a waiting period for pre-existing conditions. This waiting period is three months for groups of 51 or more employees. Members under 19 years of age are not subject to the pre-existing condition waiting period. Treatment related to transplants requires a six-month waiting period. Waiting periods may be credited or waived based on prior healthcare coverage.

#### **Tax Note for Domestic Partners**

Although the plan may provide for reimbursement of expenses incurred by a domestic partner or same-sex spouse, federal tax laws restrict the plan's ability to reimburse expenses incurred by an individual who is not a tax dependent. Because the tax laws applicable to domestic partners and same-sex spouses are complicated, a tax advisor should be consulted with to determine tax dependent status before any decisions are made under the plan.

#### **More Information**

A Supplemental Guide that shares information about Privacy Policies, Provider Organization, Key Utilization Management Procedures and Pharmaceutical Management Procedures is available on our website.
